2. Day Camp, Youth, Ages 12 - 21 (July 10-30)
3. Overnight Camp, Youth Ages 15-21 (June 26-July 30)

Lions Camp Badger operates week long, inclusive summer programs where campers, **with and without disabilities**, build greater self-awareness, confidence and independent skills, while providing their families and caregivers a break from the demands of constant care.

Lions Camp Badger is a structured recreational and "experiential learning" camping program for youth with special needs and their siblings, ages 12-21.

Lions Camp Badger's Purpose of our camping experience is to provide experiences where each young person can explore nature discover their own interests and abilities, experience new adventures, practice social and life skills and, most importantly, make new friends while having fun. The expectation for all of our campers is that each camper will return home ready to continue to practice and apply the new skills that they have learned at camp.
