

# PLAY FORE LIONS CAMP BADGER

Dear Golf Pro:

You are well aware of the challenges met on any golf course: weather, bunkers, traps, the woods, water, and even an occasional fan or two. Imagine the challenges children with disabilities and mentally and physically- challenged veterans from all wars face every day of their lives. You can help change their lives in ways you may have never imagine while having some fun and providing a great opportunity for your golf club members.

The Lions Clubs of New York State are hosting **Play Fore Lions Camp Badger**, a two-day **Pro-Am Golf Tournament** at beautiful **Bristol Harbour** on equally beautiful **Lake Canandaigua** from **September 21 - 22, 2011**.

The first day is **the 18 Hole Pro-Am Tournament** with a 1:00pm Shotgun Start. This is a great opportunity for your club members to learn from and watch you play in person. Your Club's team will consist of a foursome of your members plus the Golf Pro. Teams will be scored the **Best 2 of 5** balls. Prizes will be awarded.

In addition, as a gift for participating, Professional Entrance fee is only \$50 and they will receive lunch and dinners free the day of the event. Their entrance fee which will be combined to create the **NY State Golf Professional Challenge Purse**. The Top Pro will receive a plaque to display at your club, plus all the bragging rights your bag can hold!

All proceeds will benefit the activities at Lions Camp Badger, located in Spencer, New York, about twenty miles south of Ithaca. Over two hundred acres of rolling hills possess the soothing and calming effect for children with special needs and veterans which help them to connect to their inner selves, find their talents and reach for their goals resulting in a positive experience that can last throughout their entire lives.

I have enclosed more particulars about the tournament and hope to see you there at the event. Please share them with your club members and help us to help our Badger kids and the veterans who have fought to protect our beloved freedoms.

If you need further information, please contact me at your earliest convenience.

In our hands,

**Lion Kimberly Stribing, PDG**
