2026 Lions Camp Badger Overnight Camp Packing Checklist

CAMPER NAME: _____

This list is a *guideline* to help you pack for your stay at camp. Send a variety of clothing; weather is usually hot during the day and can get chilly at night. **We do have a laundry facility, but campers will not be doing their laundry unless they run out of clothing.** Please indicate the number of each item packed and tape this list to the inside of your child's suitcase. While camp administration will do everything possible to see that the items listed remain in the child's possession, we cannot be held responsible for items (listed or not) that are lost.

***PLEASE LABEL EACH ITEM WITH YOUR CHILD'S INITIALS OR NAME ***

Cell phones for campers who use them along with communication apps to speak are allowed. (We restrict the use of cell cameras, texting, calling, and internet for privacy purposes and to focus on all that we offer at camp.)

***SNACKS*: We do not allow sharing of snacks due to food allergies.** If your camper eats a very restricted diet or has highly preferred snacks and this is important to them, they may bring their own in a sealed container labeled with their name that will be kept in the kitchen. We cannot keep snacks in the cabin due to food allergies and the potential of attracting wildlife. Please send enough snack for your camper's full stay as we will not be able to resupply them during their camp week. Campers needing Ensure or thickeners should bring their own.
